Subject: Superb Restoration of Russian Orthodox Church Frescos
by Buon Fresco, LLC

I recently had the pleasure of witnessing the remarkable restoration work carried out by Buon Fresco, LLC on the wall and ceiling frescos of our beloved Russian Orthodox Church. The level of expertise and dedication displayed by their team truly deserves the highest praise. I am beyond impressed with the exceptional results they achieved.

From the moment I contacted Victoria Bingham of Buon Fresco to inquire about their services, I was met with utmost professionalism and a genuine passion for preserving our cultural heritage. The team was prompt in their response and scheduled a visit to assess the state of the frescos. Their knowledge and attention to detail during the assessment phase immediately instilled confidence in their abilities.

The restoration process itself was executed with precision and care. It was evident that the team possessed a deep understanding of the historical and artistic significance of these frescos. The level of expertise and craftsmanship they displayed was truly commendable.

Moreover, I was particularly impressed with their respect for the sacredness of our church. They exercised great caution and reverence while working within the holy space, ensuring minimal disruption to the regular worship activities.

The outcome of the restoration project left everyone in awe. The vibrancy and beauty of the frescos have been restored to an extent that surpassed our expectations. The colors are radiant, with the intricate details brought back to life. It was as if the frescos had been transported through time, and the church now looked as magnificent as it did when the frescos were first painted by Archimandrite Kyprian (Pyzhov).

I must also commend Victoria and her team for their excellent project management skills. They adhered to the agreed-upon timeline, kept us informed about the progress, and ensured that the project was completed within the allocated budget. Their transparency and communication throughout the process were greatly appreciated.

In conclusion, I wholeheartedly recommend Buon Fresco for any restoration work involving precious artworks. Their expertise, passion, and commitment to preserving cultural heritage are unparalleled. Our church is indebted to them for breathing new life into our treasured frescos. Thank you, Buon Fresco for your outstanding work!

Sincerely,

Victor Melnikow

Parish Secretary
